FORWARD

This document is the reference source for the crossclassification of presently authorized University of Georgia major field codes, codes for degrees granted within those major fields and the Higher Education Information System (HEGIS) code structure.

This document was originally compiled by Edward Morris early in 1972. It was recently (July 1972) revised and modified by Robert Bisplinghoff. The Office of Program Planning and Analysis also wishes to thank Agnes Story and William Parker in Registration and Jim Landers in Data Processing for their comments and assistance in updating this document.

Since new majors are constantly being added and old ones dropped, we would welcome your comments and recommendations to keep this document as current and accurate as possible.
